

Twin Cities IDPA Club

Interested in IDPA?

The Twin Cities IDPA (International Defensive Pistol Association) will be holding a new shooters orientation and clinic. You must attend this clinic or have verifiable specific training or action shooting experience prior to shooting your first match.

This class will a chance have IDPA rules covered in detail and see winning tactics demonstrated. Scoring and penalties, along with equipment checks and suggestions, will also be offered. The clinic will be limited to the first 16 registrations to ensure individual attention.

The formal classroom presentation will be over an hour long with at least another 1/2 hour for questions/answers as well as another 1 1/2 hours on the range.

The CSO's (Certified Safety Officer's) who will act as instructors have IDPA multiple ratings so you'll see some good demos on the range from a wide skill range. This also will allow two squads of four each in the 2 bays.

You will need to bring a pistol (Revolver or Semi-auto,) a strong side holster, 3 magazines, (a magazine holder is helpful,) 150 rounds of ammunition. I doubt we will shoot more than 100 rounds, but extra ammo is always good!

When: Thursday June 28th, 2007 6:00 to 9:00pm, registration at 5:30
Where: Beaverbrook Tri County Range - East Bethel
Cost: \$ 50.00 prepaid (this includes the \$15 Twin City membership and all targets and range fees)

Current members receive \$15 off, Beaverbrook members receive \$10 off

To signup or for more information contact:

Jeff Cater e-mail: vpadmin@twincitiesidpa.com 763-287-9722 or
